HRPC: Results view

Number of results

The screenshot shows the search results for 'falls elderly' in the Health Research Premium Collection. The page displays 178,401 results. On the left, there are filters for sorting (Relevance), limiting to full text or peer reviewed, and source types (Scholarly Journals, Books, Audio & Video Works, Dissertations & Theses, Newspapers). The main results area shows three entries. The first entry is 'Falls in the elderly' by JH Downton and Edward Arnold, with a link to 'Check for full text at University of Sunderland'. The second entry is '[Muscle and bone health as a risk factor of fall among the elderly]' by Kim, Hunkyung, with a 'Get full text' link. The third entry is 'Validation of a fall-risk screening test, the Elderly Fall Screen' by Cwikel, J G; Fried, A V; Biderman, A; Galinsky, D; National Library of Medicine. Each entry has a 'Show Abstract' link.

Click here to view the abstract

Where the full text of the article is available it will say here, or it will check the university resources

The pagination controls show the current page is 1 of 1. There are buttons for 'First', '<', '1', '2', '3', '4', '5', '6', '>', and 'End'. A 'Jump to page' field contains '1' and a 'Go' button. The 'Items per page' dropdown is set to '20'.

HRPC: saving searches

The screenshot shows the ProQuest Health Research Premium Collection (HRPC) search results for the query "falls elderly". The page displays 104,551 results. On the left, there are filters for "Applied filters" (2010-2029), "Sorted by" (Relevance), and "Limit to" (Full text, Peer reviewed). Below these are "Source type" options: Scholarly Journals (68,899), Books (100), Dissertations & Theses (11,877), and Newspapers (12,417). The main results area shows two entries:

- 1. Randomized Controlled Trial of Screening, Risk Modification, and Physical Therapy to Prevent Falls Among the Elderly Recently Discharged From the Emergency Department to the Community: The Steps to Avoid Falls in the Elderly Study. Matchar, David B; Duncan, Pamela W; Lien, Christopher T; Ong, Marcus Eng Hock; Lee, Mina; et al. Archives of physical medicine and rehabilitation Vol. 98, Iss. 6, (June 2017): 1086-1096.
- 2. Individual and Environmental Factors Associated with Recurrent Falls in Elderly Patients Hospitalized after Falls. Vu, Hai Minh; Nguyen, Long Hoang; Nguyen, Huong Lan Thi; Vu, Giang Thu; Nguyen, Cuong Tat; et al. International journal of environmental research and public health Vol. 17, Iss. 7, (April 3, 2020).

Two callout boxes provide instructions:

1. Create a "My Research" account to save your searches and come back to them later. An orange arrow points to the user profile icon in the top right corner.
2. Click on Save search/alert and follow the steps. An orange arrow points to the "Save search/alert" button in the top right corner.
